NUTRITION

Some dogs may be intolerant to Gluten which is found in wheat grains. Some foods replace all grains with other carbohydrates. We prefer to replace the wheat with healthy rice which contains important vitamins, minerals, fibre and other nutrients but no gluten so your furry family can 'eat with ease'.

Commonly used to aid in treating hip and joint pain in all dogs and especially as dogs get older. Keep 'em bouncing.

Probiotics are the 'good guy' bacteria that keep a healthy balance of microflora in the gut, which is essential for optimal health. Prebiotics support the growth of the good guys and restrict growth of the bad guys. Stress, diet, illness, medications and genetics can lead to poor gut health, so we add natural Pre's and Pro's to curb these factors and help maintain better overall wellbeing.

We have carefully included Tasmanian Salmon Oil as a great source of omega 3 and 6 essential fatty acids, including DHA to support healthy skin and a shiny coat as well as sustain brain and cognitive function in all dogs.

Blackdog Nutrition keeps it natural. No artificial preservatives, colours or flavours. Just Naturally Good and loaded with great stuff for a long and healthy life. No BS - No Nasties.
